

ADITYA YADAV

XXXXXXXXXXXXXXXXXXXX

 XXXXXXXXXXXX  theadityayadav107@gmail.com  linkedin.com/in/aditya-yadav-cmd  github.com/adineo-cmd

Summary

Full-stack developer with a strong foundation in Python, focused on building clean, scalable, and user-centric applications. Experienced in frontend frameworks (React, Astro, Angular) and backend systems (Node.js, FastAPI), with hands-on exposure to databases, cloud platforms, and AI/ML tooling. Comfortable working in Linux environments, version-controlled workflows, and modern DevOps pipelines. Actively building real-world projects, exploring AI-powered solutions, and contributing toward open-source growth.

Education

XXXXXXXXXXXXXXXXXXXX

Bachelor of Technology in Computer Science and Information Technology

- CGPA: 8.24/10.0

XXXXXXX, XXXXXX

Expected 2027

XXXXXXXXXXXX

ICSE (81.3 percent), ISC (69.5 percent)

XXXXXXXXXX, XXXXXX

2013 – 2023

Technical Skills

Programming Languages: Python, TypeScript, JavaScript, Java, C, SQL
Frontend Technologies: Astro, React, Angular, Tailwind CSS, HTML, CSS
Backend Technologies: Node.js, FastAPI, Django, REST API, Express.js
AI and Machine Learning: TensorFlow, PyTorch, Pandas, OpenCV, NLP, Deep Learning
Databases: MongoDB, MySQL, PostgreSQL, Oracle Database
Cloud and DevOps: AWS, Google Cloud Platform, Docker, Kubernetes, Firebase, GitHub Actions, CI/CD
Tools: Git, GitHub, Vim, Linux, Ubuntu, Windows, Visual Studio Code

Projects

WebVault | *Astro, Node.js, MongoDB, Tailwind CSS, CSS*

- Enhanced a curated repository of websites and resources across domains with clean, responsive UI built using Astro and Tailwind CSS
- Implemented search and filtering functionality with domain-wise categorization and scalable backend for efficient discovery

RoadmapX | *Astro, FastAPI, PostgreSQL, Tailwind CSS, CSS*

- Expanded a structured learning platform offering step-by-step career roadmaps in business, finance, science, and management
- Built interactive progress dashboards using Astro and CSS with milestone tracking powered by FastAPI backend

AI Chat Assistant | *Python, TensorFlow, PyTorch, Flask, NLP*

- Improved conversational AI assistant for answering queries and providing contextual guidance across domains
- Integrated multi-domain knowledge base with vector embeddings and transformer models (85% accuracy) for semantic search

Certifications

Machine Learning and Deep Learning Specialization

Online Certification

Coursera

2024 – 2025

- Completed comprehensive training in ML algorithms, neural networks, and deep learning architectures
- Applied supervised and unsupervised learning techniques to real-world datasets and projects

Full Stack Web Development and Cybersecurity

Online Certification

LinkedIn Learning

2023 – 2024

- Gained hands-on experience building responsive web applications using React, Django, and modern web technologies
- Studied cybersecurity fundamentals including network security, encryption, and vulnerability assessment

Professional Skills

Soft Skills: Effective Communication, Critical Thinking, Problem Solving, Team Collaboration, Adaptability
Languages: English (Fluent), Hindi (Fluent)
